

ICAR-NINFET Secures NABL Accreditation for 27 Testing Scopes in natural fibres

August 6, 2025, Kolkata:

The ICAR-National Institute of Natural Fibre Engineering & Technology (ICAR-NINFET), Kolkata, has achieved a significant milestone by obtaining accreditation from the National Accreditation Board for Testing and Calibration Laboratories (NABL) under ISO/IEC 17025:2017 standards. This accreditation encompasses 27 distinct scopes, highlighting the institute's commitment to excellence in testing and calibration services of natural fibres.

The accredited scopes span various domains, including chemical and mechanical testing, pertinent to natural fibre engineering and technology. This accomplishment not only reinforces ICAR-NINFET's position as a leader in natural fibre research but also ensures the reliability and international acceptance of its testing results.

By aligning with NABL standards, ICAR-NINFET enhances its capacity to support stakeholders in agriculture, industry, and research sectors, promoting innovation and quality assurance in natural fibre applications. This accreditation is a testament to the institute's dedication to maintaining high standards in its scientific endeavors.
